Proudly install Car Wash Equipment in the Northeast and Metropolitan Area.

Since 1932 the A.E. Styles heritage is one of the vehicle wash industry's oldest and most established manufacturers of advanced automotive cleaning and appearance products. As pioneers in the chemical field we have the knowledge and insight into changing products and market conditions. Our Experience gives us the ability to provide our customers with over 80 years of sound business advice, competitive products, and industry expertise.

Because we consider our customers "Associates," we offer you products and programs to maximize your management skills, as well as your return on investment. Our methods allow you the opportunity to make your business life easier.

We at AE Styles can help you with all your car wash needs. We service most brands of equipment in our own fully stocked service vehicles dispatched from our central New Jersey headquarters. We also have an extensive supply of car wash repair parts that we ship UPS daily, as well as the knowledge and experience to troubleshoot and source most others, We never just ask for a customer number and part number when you call, because we are here to help you decide the correct item to order that will fit your specific needs. Just remember to call us first, Our Experience SHINES!
